OJA's 4th Grade Newsletter

Vol. 9 Issue 20

January 27, 2011

Animal Adaptations Science Unit

As the students research information for their animal project, they can read the animal books for their 30 minutes of reading each week. This will help them with the information they need for their report and fulfill their weekly reading assignment. The rubric for the project is on the OJA website under 4th grade. The project is due on Wednesday, Feb. 23.

SPELLING BEE

The final classroom spelling bee to determine the three final contestants, will be held on Monday, Jan. 31. Please review with your child the spelling list that was sent home. (listed on 4th grade home page too).

SCIENCE FAIR

The OJA Science Fair will be held on Friday, April 8 (please note the date change). This is a required school event and all students must participate. Fourth graders are required to present a demonstration for their project. For students who need ideas for a demonstration, I will make available to those students several science experiment demonstrations along with the instructions and materials needed. More information will be coming.

January

Feb. 1 - No School
Teacher In-Service

Feb. 17 - Riding Freedom
Folder Due

Feb. 21 - No School
President's Day

Feb. 23 - Animal Habitat
